To All Local 562 Members:

The company recently began aggressive enforcement of their attendance control policy. While they have a right to enforce the policy their aggressiveness may cause the erosion of your contractually guaranteed right to the legitimate use of you sick time and or the issuance of unjust discipline. The most egregious example of the company going overboard is their questioning doctor's slips by asking our members to sign a form authorizing the release of personal medical information. The Executive Board is asking that **YOU** help us protect not only your interests but our collective interest by taking the following actions.

- 1- Familiarize yourself with the AA attendance control policy and your rights under article 34 of the contract.
- 2- Do not attend any counseling without a representative present.
- 3- Do not sign an Authorization for Release of Medical Information.

Fraternally,

Mark Hnat
Recording-Secretary
