October 20, 2008

Members of Local 562;

On August 4, 2008, the Kasher rule #32, which dealt with seniority adjustments after recall was awarded to the Transport Workers Union. This award required the Company to make adjustments to the entire TWU seniority list covering all title groups. The corrected seniority list was supposed to be in place by October 20, 2008.

Due to the magnitude of the changes, and subsequent errors found in the initial calculation of seniority for the employees that were laid off after recall, the October 20 date could not be met. The Company and the Union are still in the process of correcting the seniority dates for the affected employees. We will update you as soon as more information becomes available.

Sincerely;
Pete Corabi
VP Local 562
