### **November 19, 2010**

The Stores Negotiating Committee has a Mediation Conference scheduled with NMB Mediator Jack Kane and American Airlines management on December 14-17, 2010 in Hurst, Texas. This will be the first bargaining session in mediation since the rejection of the tentative agreement on August 24, 2010.

We will update the membership with information of the progress of this mediation session as information becomes available.

We would like to thank our members for their continued support and patience.

In Solidarity,

TWU Stores Negotiating Committee
