Dear Brothers and Sisters in NYC, EWR, PHL and BOS;

This morning Union members at Verizon, represented by the CWA said NO to corporate greed. Despite profits Verizon is trying to follow the lead the Airlines set in extracting concessions in order to line the pockets of the rich. Our Brothers and Sisters are fortunate in that they do not have to work under the oppressive rules of the RLA but they could still use our help and support. Please make the time to pass by one of the following locations and let them know that you are thankful and support their efforts, who knows maybe they can support us when our time comes.
